1. Introduction

Our objectives are:

- To formally recognise and raise awareness of excellent practice and expertise within the profession;
- To encourage the profession to aspire to excellence and higher standards of practice;
- To improve the practice of school business management by encouraging ongoing participation in professional development.

This guidance explains the benefits of, and application process for, becoming a ISBL Fellow.

2. Benefits of becoming a ISBL Fellow

By making an application to become a ISBL Fellow, you are applying to be recognised by your professional body as a proficient¹ school business management professional, committed to the highest levels of professional and ethical practice.

If successful, you will become part of a diverse network of like-minded people who want to drive forward the standards of and build the reputation of the school business management profession. You will be working alongside ISBL and our stakeholders to ensure that school leaders and governors fully recognise the contribution school business management professionals make to school improvement and development.

Being recognised as a ISBL Fellow demonstrates that you are a leader within the profession, have achieved a high level of professional expertise and are committed to developing your knowledge and skills to meet the ever-changing demands of the education sector. You are also showing your commitment to upholding the very highest ethical standards. ISBL will maintain a public register of our Fellows on our website and ISBL Fellows can use the designation FISBL after their name and on printed material.

ISBL Fellows will also receive:

- A ISBL Certificate
- An invitation to the next ISBL annual awards ceremony
- An invitation to an annual dedicated professional development event for ISBL Fellows
- An invitation to have your achievements showcased in The Voice, ISBL's member magazine.

3. Eligibility

ISBL encourages applications from school business management professionals working in all school/trust settings who meet our requirements and comply with our Code of Ethics. 2. where the applicant can provide sufficient evidence of their business management role which would relate to schools or the wider education sector if they have started a school role less than 3 years ago

³ An explanation of qualification levels is provided here: <https://www.gov.uk/what-different-qualification-levels-mean>.

5. Application process

To demonstrate that you meet our requirements, you need to complete the Application Form and submit with it:

The copy of the application form on the ISBL website clearly shows what you need to write and provides an additional reminder of the documents to attach.

Please ensure that you submit a hard copy and e-copy of your application. This is to ensure that ISBL holds back-up copies of your application in either format, thus maintaining the high standard of our applications storage process.

6. Submission of evidence

It is your responsibility to ensure that the evidence provided is complete and relevant to your application. If you feel the evidence might be relevant, please submit this with your application in the first instance rather than writing it is available on request.

When submitting evidence, please ensure you redact personal or otherwise private or sensitive information referring to and adhering to the General Data Protection Regulation (2018) and Data Protection Act (2018). Whilst the ISBL FAP does not specifically score applications in relation to overall evidence quality, the FAP does consider that the provision of redacted evidence more readily facilitates the FAP scoring process and provides a sense of the applicants' awareness for data protection as a senior school leader.

Data Protection

In accordance with data protection regulations, ISBL retains applications and supporting evidence for 12 months after the date of submission in order to facilitate communications back to the applicant, support the provision of feedback regarding the application and its status following the FAP meeting, and to provide ISBL with evidence of the full application process in action. ISBL secure all applications in digital storage which is both encrypted and secured on the ISBL server.

ISBL returns original application forms and accompanying evidence in line with notification of FAP outcomes which is 28 days post FAP meeting.

ISBL reviews the full Fellowship process including those steps involved in applying, the FAP meeting, application scoring, storage and return of applications and evidence on an annual basis to ensure necessity, proportionality and compliance with GDPR.

If you require further information about the storage of your information or other matters relating to GDPR, please see our Privacy Notice on our Terms and Conditions page.

7. Style and the use of evidence

ISBL is keen to emphasise the importance of clearly describing your work and providing evidence of your personal leadership and impact according to the requirements we state in section 4 above.

To clearly articulate your personal leadership and impact we suggest using terms like 'I did' 'I led' 'I worked on'. Applicants are reminded that the FAP panel is seeking evidence and assurance of your role, your experience, your impact and your individual contribution.

We would only suggest the use of 'we' within the context of describing overall projects or working i.e. for example, where a wider project or piece of strategic work might be underway within your school/trust, you can describe the wider project with the 'we' but show the elements you worked on as the 'I'.

8. Fees

Existing members

An assessment fee of £75 is charged to existing members to cover ISBL costs. You will be invoiced for this fee when you apply to become a ISBL Fellow. The charge incorporates the initial cost of administering your application, running the Fellowship Assessment Panel and the administration of your re-declaration (the redeclaration requires you every 3 years to state your CPD and commitment to upholding ISBL Values and Ethics).

Thereafter, and if successful with your Fellowship application, the annual membership fee for ISBL Fellows is £180.

If you are an existing ISBL member, your annual membership fee will increase to the rate described above, subject to your individual renewal date, meaning the Full member to Fellow fee increase might be immediate. Please note that ISBL membership fees are reviewed annually and may be increased.

Information about the benefits of ISBL membership and our Terms & Conditions is available on our website: <https://isbl.org.uk/Membership/Reasons-to-Join.aspx>

Non-members

An initial fee of £210 is charged to those applying for ISBL Fellowship who are not existing members. The charge incorporates one full year's ISBL membership at Full member rate, plus the Fellowship assessment fee of £75 as stated above. Thereafter, and if successful with your application, the annual membership fee for ISBL Fellows is £180.

9. Procedure for assessing applications

The two application windows each year are:

- October – March
- April – September.

Applications will be checked by ISBL staff to ensure that the correct information has been provided and that the assessment fee has been paid. All complete applications will then be subject to review by a panel made up of the ISBL Executive Director, existing ISBL Fellows and sector stakeholders. The panel will meet after the application window closing dates, in late April/ early May and late September/early October each year.

- **Successful applications**

If your application is successful, you will be notified by letter and receive a ISBL Fellowship Certificate, within 30 days of the panel meeting. Applications and supporting evidence can be returned to applicants if requested; otherwise ISBL will retain all applications for 12 months after the panel meeting. Thereafter all applications will be disposed of.

- **Unsuccessful applications**

If your application is not successful, you can request feedback and may be invited to join ISBL at another appropriate membership grade, if you are not already a member.

- **Borderline applications**

If the application receives a borderline mark (7 out of 12, where the pass mark is 8), you would be requested to send further narrative and supporting evidence in relation to the area(s) of the application which could be strengthened. Alongside the original application, this additional narrative and supporting evidence will then be reviewed by two members of ISBL office staff (with FAP experience) prior to a further decision on whether the application then reaches the required pass mark.

Those submitting additional narrative and evidence can expect a decision within 14 days of ISBL acknowledging receipt.

- **Appeals process**

You can appeal against an unsuccessful application, which will involve a referral to an independent panel, who will make a decision within 30 working days of receipt of the appeal.

10. Maintaining recognition as a ISBL Fellow

ISBL Fellows are required to confirm on a three-yearly basis that they continue to meet our requirements and our Code of Ethics.

Recognition as a ISBL Fellow will be revoked, subject to appeal, in the event of a Fellow being found to be complicit in proven malpractice⁴ or disqualified as a trustee or governor.
